Multicoloured and Uni welding rods

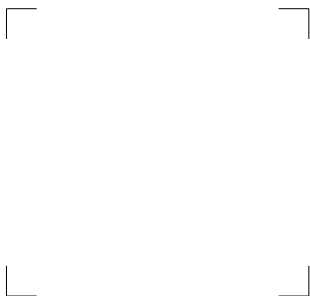

Colour and pattern coordinated welding rods are available for every colour in the Premium collection.

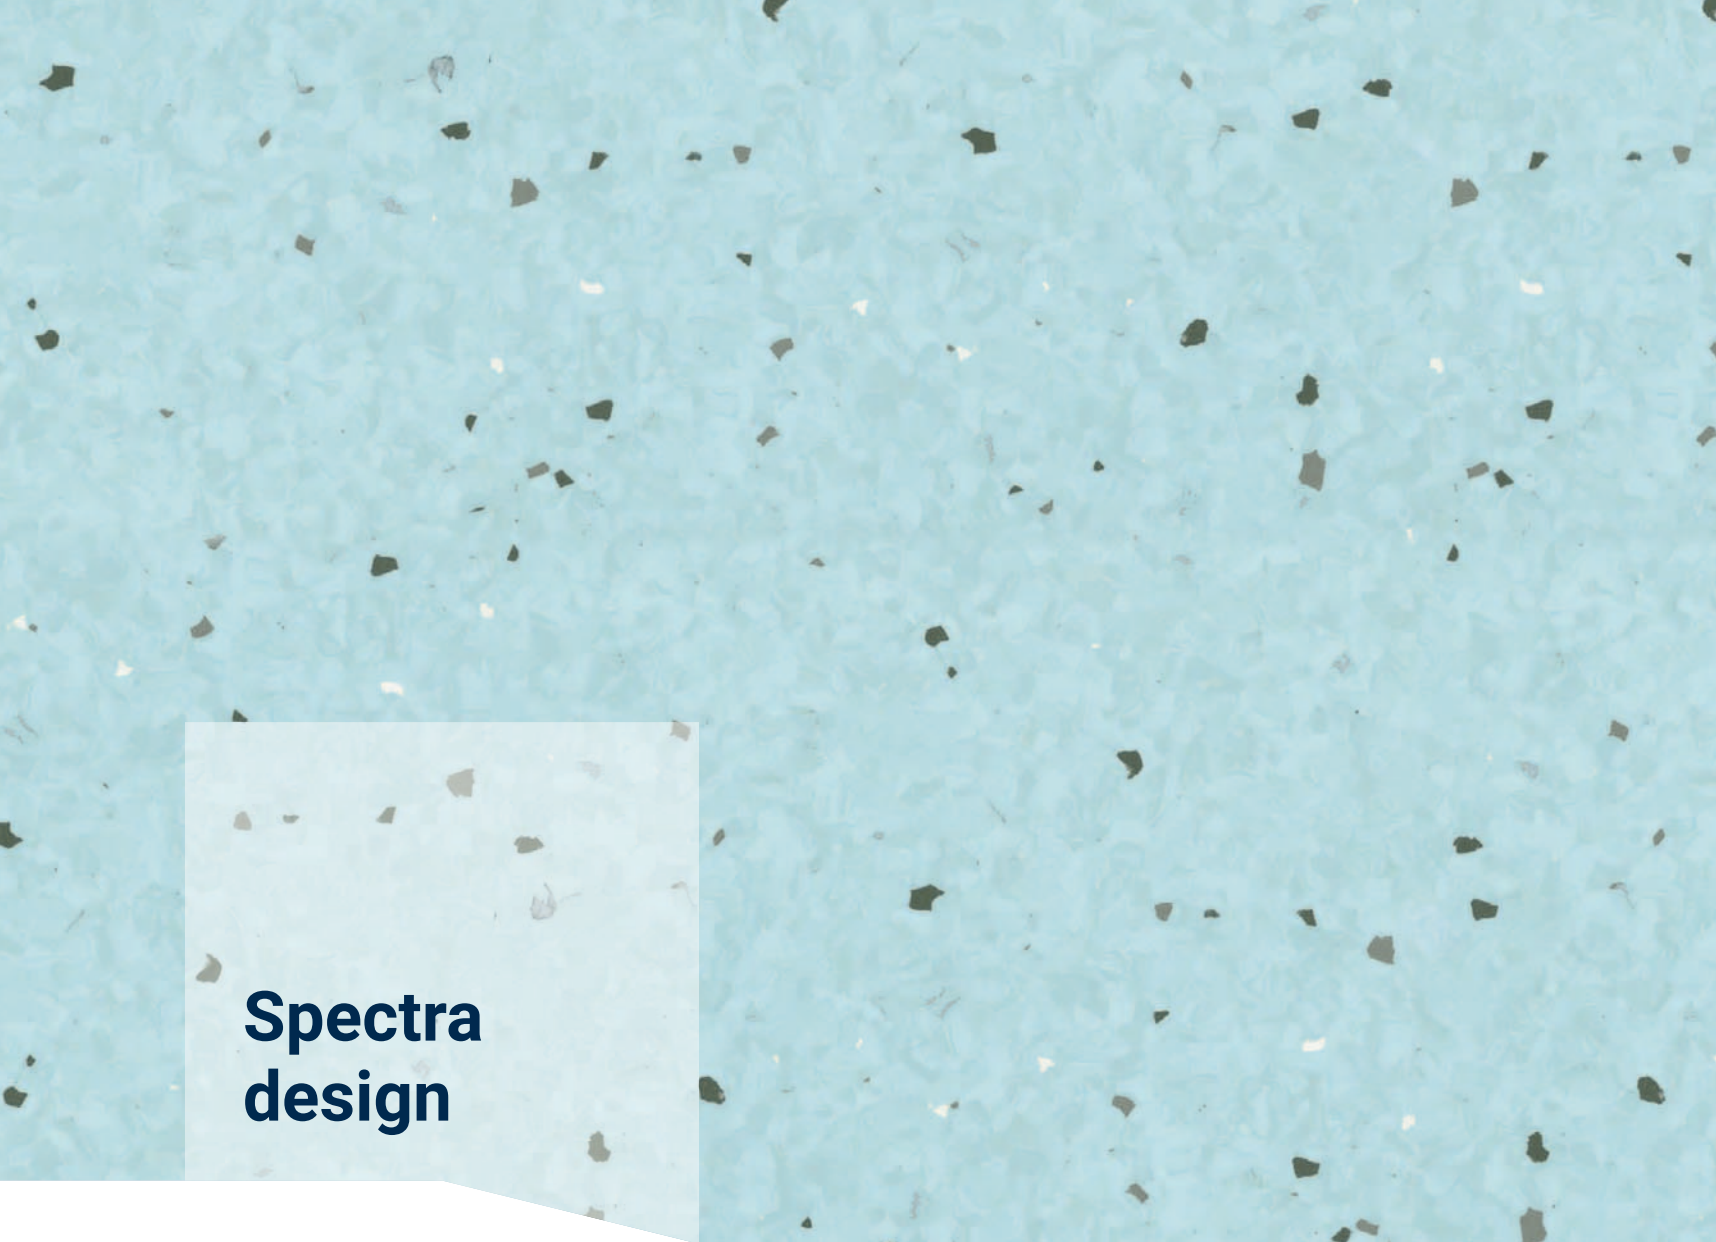

With contrasting colour chips that coordinate with the flooring's accent colour and design, the welding rods always provide the perfect finishing touch.

Multicolour welding rod

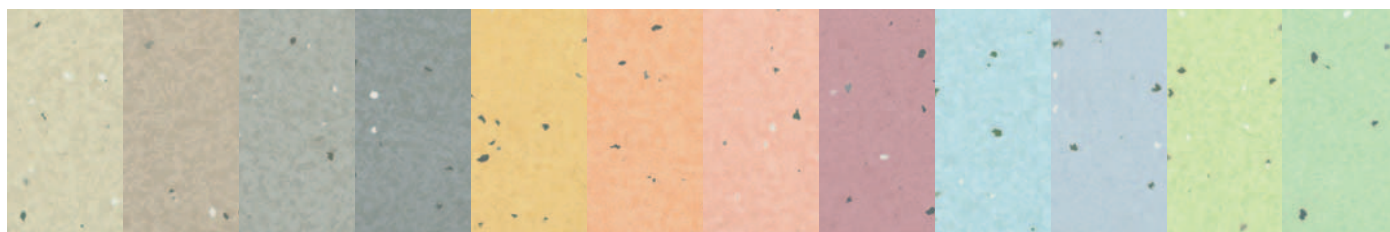

Uni welding rod for Spectra

Spectra design

The Premium Spectra brings pastel and bright colours along with a unique modern style. It helps you to create an inspiring atmosphere, full of energy. Its low contrasted pattern with few accents is the perfect bridge between our Primo and Eclipse collections.

■ Pattern

This pattern supports your creativity. It offers multiple possibilities for a **perfect mix and match**.

■ 12 colours

These colours are the best choice to **highlight** a specific area or to design **soothing and modern** spaces.

**Conscious
choices.
For people
and planet.**

At Tarkett, we strive to support both our professional clients and consumers in creating healthy, beautiful and sustainable living spaces. Working with industry partners, we're bringing our best thinking and efforts toward making a positive impact on people and the planet.

Designing for life

Developing products based on Cradle to Cradle® principles that contribute to people friendly spaces AND respect the planet's natural capital.

Healthy spaces thanks to 100% phthalate-free product

Since 2010, we have developed the use of a phthalate-free plasticizer technology for our vinyl floors which is approved for food containers and toys intended to be placed in the mouth by children.

Good indoor air quality

Through low levels of total volatile organic compounds (TVOCs) - TVOCs ≤ 10 µg/m³, much lower than EU standard EN ISO 16000.

Closing the loop

Building a circular economy inclusive of programs and business models that encourage take-back, recycling, reuse and elimination of waste.

Premium Collection is eligible to ReStart®, Tarkett's take-back program which can help customers manage their installation waste while ensuring it is recycled.

Resistance, hygiene and effortless maintenance

PUR treatment reinforces durability

and makes the surface more resistant to heavy traffic and easier to clean.

Competitor A

Eclipse Premium

PUR Reinforced chemical resistance.

Eosin 1% in Ethanol - 2 hours' exposure after cleaning with heavy-duty, spray-and-wipe power cleaner.

Practical hygiene & maintenance

No additional surface treatment needed.

Premium benefits from PUR reinforcement which simplifies cleaning and maintenance.

Traffic resistance

Premium is specifically designed for heavy traffic zones where hygiene and resistance are critical such as schools, hospitals and public buildings.

■ Residual indentation **0.03** mm*

*Best measured value

Impenetrable heat welding joints.

Impervious surface for maximum hygiene.

Premium collection offers highly flexible flooring solutions for perfect coving results, ensuring an easy and improved maintenance.

Joints resist tearing when stretched using over 400N of force per 50mm

**All your
needs
covered**

The Premium range is a global solution combining attractive design and functional performance, with options available to cover all your needs.

Attenuated noise

By absorbing noise, Tarkett acoustic floorings take the edge off busy environments and encourage quiet interaction.

Eclipse Acoustic (Spectra colours)

Eclipse Acoustic is available in the 12 Spectra astonishing new colours.

The foam underlayer provides up to **16dB** impact sound reduction and walking comfort.

No slipping

Primo Safe.T, **R10** grip, is available in 15 core matching colours.

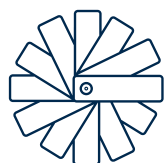

Static Dissipative

Primo SD, the static dissipative option is available in 8 core matching colours.

Combine & Create

Premium Collection is the perfect tool to customize spaces due to its versatility and wide range of colours and patterns. Combine floors to imagine new styles and play with shades to create different atmospheres.

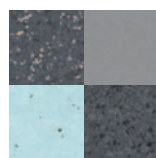

Colour your world

Choose from a world of colours and coordination possibilities in line with evolving user needs and lifestyle trends.

• **102** Colours

• **50%** new

Play with patterns

Now 4 patterns to choose from, for unique combination options and a complete aesthetic.

Multicoloured and Uni welding rods

Unique multicoloured welding rods give the most realistic and seamless look when installed.
